Visual Studio Code interface showing a C++ project in a WSL (Ubuntu) environment. The Explorer pane on the left displays the project structure, including files like 05.05.cpp, 05.05.out, 06.03.txt, and various subdirectories like Education, benchmark, boost_1_85_0, glog, googletest, libpqxx, libraries, output, PDF-Writer, projects, boost_1_85_0, and examples. The main editor area shows the terminal output of the command `ls -l projects/examples/output/`, listing files with their permissions, owners, sizes, and timestamps. The bottom status bar indicates the file is at line 211, column 76, with 470 characters selected.

Visual Studio Code interface showing the same C++ project in a WSL (Ubuntu) environment. The Explorer pane on the left displays the project structure, including files like 05.05.cpp, 05.05.out, 06.03.txt, and various subdirectories like Education, benchmark, boost_1_85_0, glog, googletest, libpqxx, libraries, output, PDF-Writer, projects, boost_1_85_0, and examples. The main editor area shows the terminal output of the command `ls -l projects/examples/output/`, listing files with their permissions, owners, sizes, and timestamps. The bottom status bar indicates the file is at line 211, column 76, with 470 characters selected.
